Augment

OF&G ORGANIC

AUGMENT - Range of bio-active carbon compounds

If medical advice is needed, have product container or label at hand.
Read label before use.
Do not eat, drink or smoke when using this product.
IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
Wash hands and exposed skin thoroughly after handling.
IF ON SKIN: Wash with plenty of water.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Remove person to fresh air and keep comfortable for breathing.

STORAGE

Protect from frost. Store away from direct sunlight. Ensure adequate ventilation. If product has been stored in poor conditions, open slowly to safely release any gases present.

To avoid risks to human health and the environment, comply with the instructions for use.

	w/w %
Humic extracts % DM	56.0
as Fulvic acid	55.0
as Humic acid	1.0
Seaweed extracts	39.4
containing Amino acids, Mannitol, Fucoidans, Laminarins, Phenolics, Alginate acid, Glutamic acid	

IMPORTANT INFORMATION

AUGMENT is the cornerstone of any IPM approach, used to apply with fertigation nutrients to improve nutrient use efficiency, feed beneficial biology and improve crops grown in peat free substrates.

Crops/situations
Ornamentals, protected edibles, soft fruit, top fruit, vines.

Full application and crop specific details are given on the attached leaflet.

SHAKE WELL BEFORE USING.

DIRECTIONS FOR USE: ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE

AUGMENT is the cornerstone of any IPM approach, used to apply with fertigation nutrients to improve nutrient use efficiency, feed beneficial biology and improve crops grown in peat free substrates.

Important: This information is approved as part of the product label. All instructions within this section must be read carefully in order to obtain safe and successful use of this product.
Compatibility: For details of compatibilities, contact your distributor or local AIVA FERTILISER representative.

Important information
Use as part of a good agronomic fertigation feed programme to improve nutrient use efficiency.
Do NOT apply when crop it under severe stress, or in adverse weather conditions.
Take regular NFT and raw water samples to ascertain fertigation nutrients required.
Contact your AIVA FERTILISER Nutrition Consultant for agronomic advice regarding AUGMENT.

FERTIGATION APPLICATION

Stock tank mixing guide
Fill stock with half the required water, shake AUGMENT container and add required amount to stock tank whilst maintaining constant agitation. Add fertigation fertiliser, add remaining water to stock tank, agitate and dose.
Agitate stock tank at least every 4-6 hours, constant agitation is preferable. Do NOT leave mixed stock solution containing AUGMENT for more than 48 hours.

Crop	Comments
Peat free substrate ornamentals	750ml per 100L of stock solution dosed at 1:100 (1%)
Coir and rock wool substrate grown fruit crops	200ml per 100L of stock solution dosed at 1:100 (1%)
Soil grown fertigated top fruit	200ml per 100L of stock solution dosed at 1:100 (1%)
Soil grown fertigated vines	200ml per 100L of stock solution dosed at 1:100 (1%)

Crop	Comments
Ornamentals	Add in with every fertigation round
Protected edibles	Add in with every fertigation round
Soft fruit	Add in with every fertigation round
Top fruit	Add in with every fertigation round
Vines	Add in with every fertigation round

HANDLING AND STORAGE

Do not contaminate water, food, or feed by storage or disposal.
Storage: Protect from frost. Store away from direct sunlight. Keep away from food and feedstuffs. Ensure adequate ventilation. If product has been stored in poor conditions, open slowly to safely release any gases present.
Accidental release measures: Do not release large quantities into the surface water or into drains. Adsorb spillages onto sand, earth or any suitable adsorbent material.
Container handling: On emptying the container, rinse container thoroughly by using an integrated pressure rinsing device or by manually rinsing three times. Add washings to tank at time of filling and dispose of container safely. Container may be offered for recycling if available or dispose of in a sanitary landfill, or by other procedures allowed by state and authorities.

CONDITIONS OF SUPPLY

AIVA FERTILISER guarantees that AUGMENT is fit for the purpose and conforms to the specifications stated on this label. AIVA FERTILISER gives no warranty, express or implied, including the warranties of commercially acceptable quality and/or fitness for any particular purpose concerning this material, other than those which are stated on this label, and will not be liable for any direct or indirect damage which results from incorrect use of the product or non-compliance with the directions of this label.
