Product data sheet

Horiver Wetstick

Sticky trap with wet glue

- For trapping and monitoring of different flying insects
- With grid for easy counting (10x25 cm)
- Cut-out for easy and quick application
- Corner cut for easy separation of cards (10x25 cm)
- Proven and reliable

Use for

Pests

- Yellow: whitefly, thrips, fungus gnats, leaf miners
- Blue: thrips
- Black: *Tuta absoluta*
- Red: *Drosophila suzukii*
- White: *Lygus* spp.
- Green: *Echinothrips americanus*

How it works

Mode of action

Insect pests are attracted to the colour of the sticky trap and get caught in the glue.

Product specifications

Presentation

Polysterene cards coated with wet sticky glue.

Available colours and sizes

- Yellow: 10x25 cm; 20x25 cm; 25x40 cm
- Blue: 10x25 cm; 20x25 cm; 25x40 cm
- Black: 25x40 cm
- Red: 10x25 cm; 20x25 cm
- White: 10x25 cm; 25x40 cm
- Green: 10x25 cm; 25x40 cm

Numbers per package

- 10x25 cm: 10 pieces or 50 pieces (yellow)
- 20x25 cm: 22 pieces
- 25x40 cm: 12 pieces
- Outer cards with glue at one side only

Directions for use

Application

- Place traps in areas with high risk of pest infestation such as areas near doors, gable ends and lateral ventilation openings
- Attach traps to wires or sticks at max. 30 cm above the crop and adjust height when plants are growing
- Do not place traps in-between the plants as parasitic wasps will then also be trapped
- For *Tuta absoluta* place black traps 15-25 cm above the ground for young plants and 50 cm above the ground for mature plants
- Replace the traps when largely covered by insects and/or debris

Watch the Application video of Horiver

Dosage

- For monitoring use one Horiver per 200 m^2
- For trapping in hotspots use one Horiver per 2 to 20 m^2
- For trapping *Tuta absoluta* use at least one black Horiver per 100 m^2

Combined use

Yellow Horiver can be used in combination with Natutec Scout for easy identification and counting of insects trapped.

Product handling

Storage time after receipt

See Best before date.

Storage temperature

0-32°C/32-104°F.

Storage conditions

In a cool, dry place.
