JEYES FLUID DISINFECTANT KILLS 99.9% OF GERMS
FIGHT DIRTY in minutes to:

CLEAN GREENHOUSES, PLANT POTS & TOOLS Create a healthy environment for your plants to grow, clean your greenhouse twice a year.
Application: 1. Remove or cover all plants.
2. Dilute Jeyes Fluid (see table below).
• Greenhouse, cold frames, cloches & seed boxes - Wash & rinse immediately. • Plant pots – Soak for 30 minutes & rinse. • Tools – Apply & leave for 5 minutes before rinsing off.

DISINFECT EQUINE STABLES Protect horses from harmful pests & bacteria (including streptococcus equi that can cause Strangles in horses). Regularly clean stables to neutralise odours.
Application: 1. Remove all contents.
2. Wash down using diluted Jeyes Fluid (see table below).
3. Return bedding & horses to a **DRY, WELL VENTILATED** home.

ON THE FARM/ANIMAL HOUSING Spray wash walls, floors etc. of kennels, cattle stalls, piggeries, hutches & poultry houses (not catteries) for a clean & neutralised environment. Cleanse & disinfect feeding & drinking utensils regularly.
Application: 1. Remove all contents.
2. Wash down using diluted Jeyes Fluid (see table below).
3. Return bedding, animals & utensils to a **DRY, WELL VENTILATED** home/area.

To avoid the risk of taint in milk this product should not be used or stored in or near dairy cow housing & premises, farm dairies or where milk or milk products are handled or stored.

KILL AVIAN INFLUENZA/BIRD FLU Disinfect surfaces against Avian Influenza, Paramyxovirus virus & Newcastle disease.
Application: 1. Remove excess soil.
2. Dilute Jeyes Fluid (see table below) & apply via watering can.
3. Leave for 20 minutes before rinsing off.

CLEAR & DISINFECT PATHS, PATIOS & DRIVEWAYS from all traces of dirt, mould, algae, fungi stains & pet fouling. N.B. Test a small area first.
Application: 1. Dilute Jeyes Fluid (see table below) according to the type of surface & apply to wet surface.
2. Leave for 30 minutes.
3. Scrub with a yard brush then rinse off with water.

DEODORISE & NEUTRALISE OUTDOOR DRAINS weekly whilst removing grease & dirt.
Application: Pour Jeyes Fluid neat into outdoor drain & rinse thoroughly.

CLEAN & FRESHEN WATERBUTTS Clean waterbutts twice a year to prevent slime building up.
Application: See dilution table below.

This disinfectant has been approved for disinfection of inanimate surfaces where an approved product is required to be used under the control legislation for the following specific disease(s) orders;
• Poultry diseases including avian influenza, influenza of avian origin in mammals, Newcastle disease, paramyxovirus at a dilution rate of one part of this preparation plus 20 parts of water;
This approval is granted under the Diseases of Animals (Approved Disinfectants) Orders made by the Secretary of State for Environment, Food and Rural Affairs in England, Scottish ministers in Scotland and Welsh ministers in Wales. For confirmation of continuing approval refer to the Defra list of approved disinfectants at http://disinfectants.defra.gov.uk
The contents of this container are guaranteed by the manufacturer to be of the same composition and quality as the sample submitted for approval testing.

Dilution Table for Aforementioned Tasks	Jeyes Fluid (ml)	Water (ml)
