BAR CODE SPACE

SB PLANT INVIGORATOR

Controls a wide range of important pest species including Whitefly, Aphid, Spider Mite, Mealybug, Scale and Psyllid.

DIRECTIONS: SHAKE BOTTLE WELL BEFORE USE.
Apply using a fine sprayer. Add required amount of water into sprayer and add SBPI, then agitate well. Only apply diluted. Do not exceed the appropriate application rates. For maximum effect spray the upper and lower leaf surfaces thoroughly on a weekly basis. Reseal container after use. Store out of direct sunlight above 10°C and below 25°C.

For best results spray weekly.

DILUTION RATE: 10ml concentrate to 1 litre of water.

NOTE: Ensure spraying equipment is washed out before use. Some varieties may be susceptible to scorch, especially in hot conditions (advisable to spray small trial area first). We cannot accept any liability that directly or indirectly results from using, transporting and/or stocking this product.

Warning:
Causes skin irritation and serious eye irritation

PRECAUTIONS: Wear protective gloves. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Do not eat, drink or smoke when using this product. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

CONTENTS: A unique blend of plant safe, physical pest control surfactants.

50 Litres! WHEN DILUTED

SB PLANT INVIGORATOR

Plant Pesticide & Mildewcide

Controls a wide range of important pest species including Whitefly, Aphid, Spider Mite, Mealybug, Scale and Psyllid. Due to the physical mode of action these pests will not become resistant to SBPI.

For use on all edible and ornamental crops

- ✔ Physical mode of pest & mildew control
- ✔ Pests will not become resistant
- ✔ No harvest interval
- ✔ Suitable for use throughout the year
- ✔ Plant wash for a cleaner, shiny appearance
- ✔ Excellent shelf life
