Sinclair Pro

NEW IMPROVED FORMULA

SINCRON+

TOP DRESSING

- N — Two slow release nitrogen sources
- 4M — Four Month Feed
- Additional Trace Elements
- Dust Free
- Low Salt Index

- For container & field grown nursery stock
- Ideal for top dressing over-wintered plants
- Fortified with extra trace elements
- Sticky granular formula which adheres to damp growing media surfaces

- Low salt index for crop safety
- Nutrient release up to 4 months
- New improved dust-free formulation

Now with two slow-release Nitrogen Sources releasing in two different ways for longer and more consistent N Supply in all conditions

EC NPK fertiliser 16-7-15(+2MgO+8S) with Trace elements

Nitrogen (N), total	16.0%	
Ammonium Nitrogen (NH_4-N)	7.9%	
Nitrate Nitrogen (NO_3-N)	2.1%	
IBDU-N	3.6%	
CDU-N	2.4%	
neutral ammoniumcitrate and water soluble phosphate (P_2O_5)	7.0%	3.1% P
water soluble phosphate (P_2O_5)	6.3%	2.7% P
Potassium oxide (K_2O), water soluble	15%	12.4% K
Magnesium Oxide (MgO), total	2.0%	1.2% Mg
water soluble magnesium oxide (MgO)	1.6%	1.0% Mg
Sulphur (S), total	8.0%	20.0% SO_3
water soluble sulphur (S)	6.4%	16.0% SO_3
Boron (B), total	0.020%	
Copper (Cu), total	0.010%	
Iron (Fe), total	0.500%	
Manganese (Mn), total	0.100%	
Zinc (Zn), total	0.010%	

RECOMMENDED RATES

TOP DRESSING CONTAINERISED PLANTS - SECOND YEAR	
Rate per m² of pot surface area	**Pot Size**
80g/m²	Up to 2 litres
100-120 g/m²	2-4 litres
120-140 g/m²	4-6 litres
140-160 g/m²	6-8 litres
160-200 g/m²	8-10 litres
200-240 g/m²	10-12 litres

TOP DRESSING FIELD GROWN NURSERY STOCK		
Rates of use in g/m² (bags/ha)	**First Year**	**Second Year**
Slow Growing Species	35 g/m² (14 bags) (*)	25 g/m² (10 bags)
Faster Growing Species	70 g/m² (28 bags) (*)	70 g/m² (28 bags)
Roses	70 g/m² (28 bags) (*)	50 g/m² (20 bags)
(*) Apply half this amount before planting (base fertiliser should be thoroughly incorporated into the top 20cm (8”) of soil) and top dress the remainder after establishment.		

TOP DRESSING ESTABLISHED TREES AND SHRUBS
50-100 g/m² (20-40 bags/ha) in total, split into 2 applications.
