fargro[®]

Proven, safe, sustainable

A leader in innovation and high quality for nearly four decades; Melcourt has developed a range of products that is second to none, with unparalleled technical back-up, prompt and efficient delivery, outstanding levels of customer care, and above all, excellent environmental sustainability.

Melcourt's growing media ticks all the right boxes to help professional growers move to more sustainable production.

- Rigorous quality control
- Unrivalled technical support
- Consistent quality

From seedlings and cuttings to mature trees, Melcourt's sustainable growing media range is helping to deliver top quality crops for many of the UK's leading commercial growers.

Melcourt undertake trials and product monitoring throughout the UK and work with recognised research bodies including AHDB, ADAS and STC.

Their state-of-the-art mixing equipment and meticulous production systems backed by rigorous quality assurance procedures ensures consistency batch after batch.

Fargro Stock Mixes - Melcourt Peat Free
