Please use this supplement alongside our National Product 19-20 catalogue. We hold many lines in stock and details of these items are included in this catalogue as well as on our website.

Vational Pro

Supplement National Product Trade Price List

We are pleased to present our National Product Supplement 20-21. This year we have plenty of new products for both the grower and retail sectors. Highlights include our new Flow Pots – a range of eco pots, made from 100% recycled plastic of which up to 10% would otherwise be destined for our oceans. If you are looking to be part of the growing indoor plant sector look no further than our beautifully designed ranges of indoor pots and planters. Our indoor range offers innovative designs at excellent price points.

This year we are proud to be supporting NHS Charities Together by donating 10% of sales of our new product Rainbow Sticks, to help fund the fight against Covid-19. Rainbow Sticks are a new decorative product sourced by us to add fun and interest to indoor house plant pots, window boxes, balcony pots and bedding plant displays. Each Rainbow Stick features a 3D rainbow, mirroring the rainbows used as a symbol to thank the NHS during the UK lockdown earlier this year.

We offer a bespoke design and sourcing service working with yourselves to develop exclusive products based on your requirements. To see the full range of stocked lines, new ideas and concepts please make an appointment to visit our showroom.

With a myriad of decorative planters and garden decor across all price points to choose from, we know your customers will keep coming back for more.

Mark I'Anson and Kieran Daly

Fargro believes in responsible sourcing of all its products. Fargro are members of Sedex and have completed a full ethical trading audit. PLEASE NOTE * £ after sign indicates product is barcoded. All prices quoted in this catalogue are correct at the time of going to print. All prices quoted exclude V.A.T. Prices may be subject to alterations due to changes in raw material costs and exchange rate fluctuations. All prices are subject to a minimum order value. Distributors reserve the right to amend prices accordingly if minimum order values are not reached. Please visit our web site at www. fargro.co.uk for any price changes. Whilst we do our best to provide accurate information regarding measurements and colour descriptions, there may be variation for some of these products due to the manufacturing processes involved. All pack sizes stated are correct at time of going to print although on occasions these may change during the year. ECO POTS AND DECORATIVE PLANTERS

Lamela Eco

The new line of eco pots made from recycled plastic and up to 40% wood content.

Lamela source the wood from the wood chippings in the production of furniture and other wooden products. These chips, which would usually have been disposed of get a new life in our latest line of pots. They create a product that is not only ecological but also adds a natural touch to any interior or garden location.

Pre located drill points for drainage.

FLOW POT

GO WITH THE FLOW

Made from 100% recycled plastic

Flow Pot is a global initiative that uses innovative, environmentallyfriendly plastic derived from oceanbound and post-consumer waste. Flow Plastic is ethically-sourced using various suppliers that collect, sort, and sanitise discarded plastic so that it may be given a second life in the form of these beautiful pots.

Through careful deliberation and rigorous quality control, we've created a balanced mixture that ensures the familiar quality and consistency associated with CTi.

Sky Planter Recycled How it works

Ceiling Hook

For secure installation into solid ceilings. Height-adjustable hanging system included.

Reservoir

The Slo-Flo internal irrigation system is easily refillable and releases water into the soil.

Locking Disc

Locks the plant and soil in place allowing you to suspend your Sky Planter indoors. A perforated mesh covers any exposed soil.

Plant Grows a wide variety of indoor plants using standard potting soil.

Less Watering

The Sky Planter's Slo-Flo irrigation system feeds water gradually to the plant's roots. Because there is no excess water to drain away they can be used indoors.

Save Space

Boskke Till

Planter Triple

Look up in any home or office and the least used space will be the ceiling. What better place to grow an indoor garden without interrupting your day-to-day living.

Boskke Till Planter Recycled

The Till Planter enables you to cultivate kitchen herbs and houseplants using Slo-Flo irrigation technology. The reservoir system is easily refillable and allows the plant to draw water slowly up into the soil, only requiring watering once every couple of weeks.

Rainbow Sticks

GARDEN STICK NHS RAINBOW SMALL

F/CODE	HEIGHT CM	SIZE CM	UNIT	£*
STICKNHSS	60	12 x 8 x 0.5	Box 24	26.40

This year we are proud to be supporting NHS Charities Together by donating 10% of sales of our new product Rainbow Sticks, to help fund the fight against Covid-19. Rainbow Sticks are a new decorative product sourced by us to add fun and interest to indoor house plant pots, window boxes, balcony pots and bedding plant displays. Each Rainbow Stick features a 3D rainbow, mirroring the rainbows used as a symbol to thank the NHS during the UK lockdown earlier this year.
